Ensemble Experience

LISBON. PORTUGAL

Delights Of The Portuguese Riviera

Ship/Sailing:	Silver Cloud	May 8, 2012
Tour Date:	May 13, 2012	
Ship Time in Port:	8:00 am -	4:00 pm
Tour Date:	May 13, 2012	

Sintra's fairytale castles and spectacular mountain vistas are considered a must-see for visitors to Lisbon. Today's *Ensemble Experience* will introduce you to this stunning area of the Portuguese Riviera and show you the highlights of cosmopolitan Lisbon, the capital of Portugal. Although located on the Atlantic coast, Lisbon has the soul of a Mediterranean city with Moorish castles, pastel and white buildings, orange-tiled roofs and luminous blue skies.

Your air-conditioned coach will take you along the beautiful road which borders the River Tagus to reach the Estoril Coast, also known as the Portuguese Riviera. Passing through Estoril, a pleasant coastal town, you'll arrive at Cascais. Despite having become a popular tourist attraction, Cascais has retained some of the original charm from its days as a simple fishing village. You will have some free time in Cascais to stroll around the plaza and enjoy its colorful setting with casinos, entertainment and sailboats.

Back aboard your coach, you'll head to Cabo da Roca, the most westerly point of the European mainland, for astonishing views over the Atlantic. Then it is on to the colorful and scenic village of Sintra, in its stunning setting on the north slopes of the granite Serra de Sintra mountains. For six centuries it was the favorite summer residence of the kings of Portugal, who were attracted by the cool climate and the lush beauty of the town's setting. You'll have some free time to explore this town, recognized as a UNESCO World heritage site since 1995, before you're served a delicious lunch at the Lawrence's Hotel, the second oldest hotel in the world.

After lunch you'll return to Lisbon to see the most important streets and squares before stopping for a guided tour of the church of Jerónimos monastery. This 16th-century architectural masterpiece was created in the Gothic-Manueline style, and paid for with the riches brought back by Portuguese explorers.

Then, after a brief stop at Lisbon's lavishly-decorated Belem Tower, where Portuguese explorers were given a rousing send-off centuries ago, your panoramic drive concludes with a view of the Monument of the Discoveries on your way back to the pier.

Ensemble Experience shore excursions are capacity controlled, subject to change without notice and require a minimum number of participants. All times are approximate. Your Ensemble Traveler host onboard will advise final details.
